

GLENROY

CALISTHENICS CLUB

Our Vision

“Our Vision is to ensure every competitor is developing their skills and strives to perform as well as they can, whilst at the same time having a lot of fun and enjoying the wonderful attributes our supportive and inclusive calisthenics community has to offer”

Our vision is communicated to members by adding it to our website, and into our first newsletter every year. We want all parent and pupils to understand what we expect and want as a community club.
